

Curriculum vitae

4a. Personal details

Provide the information requested.

4b. Master's ('doctoraal')

Provide the information requested.

4c. Doctorate

Provide the information requested. Date of PhD award is the day stated on your doctorate degree. If you are applying for a Veni grant and have not yet obtained your doctorate when you submit the application, you must append an official declaration that the thesis manuscript has been approved by the entire manuscript committee.

4d. Work experience since completing your PhD

Give the dates of each appointment and state whether it was full or part-time (in fte),

**Vernieuwingsimpuls 2016
Innovational Research Incentives Scheme
Explanatory Notes on grant application form**

Veni scheme

and whether it was a tenured ('vast') or fixed-term ('tijdelijk') and the name of the institution.

The last row should contain your current position. Please indicate what kind of contract you have. If you are not an Assistant Professor, Associate Professor or Full Professor list the position you hold and whether it is outside or within the academic sector.

Also, please fill out the second table. The number of months you have spent on research will help the committee interpret your CV.

As an example, we have calculated the months spent since completing the PhD for the following CV. Please write your own calculation on your application.

CV

June 1999: Doctorate

- I. July 1999 – December 1999: unemployed.
- II. January 2000 – June 2003: 0,8 fte position. 80% to be spent on research, 20% on education.
- III. July – December 2003: sick leave.
- IV. January 2004 – April 2004: maternity leave.
- V. May 2004 – December 2008: 1 fte position. 60% to be spent on research, 20% on education, 20% on management.
- VI. January 2009 – May 2010: 0,8 fte position. 60% to be spent on research, 20% on education, 20% on management.

Calculation months of research

- I. 6 months "Other"
- II. $42 \text{ months} * 0,8 \text{ fte position} * 0,8 \text{ spent on research} = 26,88 \text{ months}$
 $42 \text{ month} * 0,8 \text{ fte position} * 0,2 \text{ spent on education} = 6,72 \text{ months}$
- III. 6 months sick leave
- IV. 4 months maternity leave
- V. $56 \text{ months} * 1 \text{ fte position} * 0,6 \text{ spent on research} = 33,6 \text{ months}$
 $56 \text{ months} * 1 \text{ fte position} * 0,2 \text{ spent on education} = 11,2 \text{ months}$
 $56 \text{ months} * 1 \text{ fte position} * 0,2 \text{ spent on management} = 11,2 \text{ months}$
- VI. $17 \text{ months} * 0,8 \text{ fte position} * 0,6 \text{ spent on research} = 8,16 \text{ months}$
 $17 \text{ months} * 0,8 \text{ fte position} * 0,2 \text{ spent on education} = 2,72 \text{ months}$
 $17 \text{ months} * 0,8 \text{ fte position} * 0,2 \text{ spent on management} = 2,72 \text{ months}$

Experience	Number of months
Research activities	(26,88 + 33,6 + 8,16 =) 68,64
Teaching activities	(6,72 + 11,2 + 2,72 =) 20,64
Care or sick leave	(6 + 4 =) 10
Management tasks	(11,2 + 2,72 =) 13,92
Other, please specify:	6 (unemployed)

4e. Academic staff supervised

Where an appointment involved (or involves) the management of other researchers, state the numbers of academic and/or support staff supervised. Please differentiate between ongoing and successfully completed PhD's and also describe your role as formal supervisor (promotor) or co-supervisor (co-promotor). Please give names of PhD students and postdocs, and for master students only the number.

4f. Brief summary of research over last five years

Outline the content of your research over the last five years in no more than 250 words.

4g. International activities

List activities such as long or short study visits abroad, international collaborations, etc.

4h. Other academic activities

Include, for example, membership of editorial boards, posts on committees and involvement in the organisation of conferences.

4i. Scholarships, grants and prizes

List the research scholarships/grants for which you have successfully applied or prizes you have won in the last five years and indicate the amount of money involved. Also, indicate clearly what your role in the scholarship/grant was (formal applicant or formal co-applicant).

Output

5a. Output indicators

Please identify the most important output indicators in your field. This will allow peers to assess your output taking into account the standards in your research field. Please use indicators for your publication list (first/last author; individual/group publications; international or national orientation) or information on what type of output is valued highest (books/journal publications/conference proceedings/other, such as designs (for certain disciplines within design and engineering).

** When including impact factors, please indicate which website was used to calculate the impact factors (e.g. google scholar, web of science).

5b. Output

Please only include manuscripts which have been accepted for publication or which have already been published as part of the recognised literature starting with the most recent publication. In each case, list: the author(s), date, title of the publication, journal or series in which the publication appeared, volume, page numbers, and (if applicable) publisher and place.

You are not allowed to include publications which have not already been accepted, including articles in preparation and submitted papers. You are not allowed to use the term 'forthcoming'; please state clearly that a yet unpublished manuscript is accepted.

Use the headings given below to structure your publication list. Please mark key publications which are directly relevant to the proposed research with an S (the S stands for significant).

- **Refereed articles:** including the impact factor of the journal is optional but compulsory for ZonMw applications

- **Non-refereed articles**

- **Letters (to editors)**

- **Books:** please include books you have authored.

- **Book chapters**

- **Patents:** please only include accepted patents.

- **Other:** working papers, proceedings, conference reports, invited lectures, certain disciplines within design and engineering may also want to list designs (only selected works) or publications on their designs.

5c. Top Publications (max. 5 titles)

Please mention here your 5 top publications related to the subject of this proposal.

5d. Median impact factors for your own field

This question is compulsory for ZonMw applications, and if you have mentioned impact factors of the journals under 5a. Please mention the median impact factor for your research field; this is not your personal H-index.
